PHILOSOPHY OF EDUCATION

An educated, mentally and physically healthy individual is the goal of the Denton School District. Our duty is to contribute to the development of such individuals. The obligation of the Denton School community and its professional teaching and support staff is to provide a social and learning environment and processes that contribute to the development and growth of an enlightened citizenry.

Further, every school must allow for the development of each student to his or her highest potential as an educated human being. If personal growth is to take place, each student must be helped to become aware of the value of:

Computation, written, oral, and reading communication skills. The world of science and the fundamentals of scientific inquiry. Historical perspective, cultural relativity, and the relationship of philosophy to learning. The world of work and the work ethic. The relationship between physical condition and mental well-being. The arts, as an expression of human spirit, joy, and communication. Ability to think critically and solve problems. Intellectual curiosity in matters of things, peoples, and ideas. The best forms of learning, which is those where learning is self-motivated, exciting, and fun. Taking responsibility for thoughts and actions because life itself is a commitment to involvement.

Success in this effort cannot be attained without a shared appreciation of the school's philosophy which reflects the values of the community, parents, teachers, administrators, and the students themselves who ultimately, must want to be in school. Accordingly, students, teachers, administrators, parents, and community members, should be encouraged to explore and develop curricula, styles and forms of learning, social activities, and guidance and counseling services, that lend themselves to a more dynamic, cohesive, complimentary, and productive learning atmosphere and experience.

SCHOOL MEAL PRICES

Student breakfasts are available for \$2.25 for K-12 students.

Student hot lunches are available for the following:

K-6 \$2.50 per meal 7-12 \$2.75 per meal each extra milk .40 cents

Unused meal ticket balances at the end of the school year are carried over to the following year, unless the parent requests otherwise.

SCHOOL MEAL CHARGES

We understand there may be a time when your child may have to charge his or her lunch. In order to comply with Federal regulations such charging cannot exceed 10 days. Unfortunately we will not be able to allow your child to continue to have a school prepared meal once she or he has accumulated the maximum 10 charges. The school secretary will notify parents when their child/children have charged 5 times.

FREE AND REDUCED MEALS

Free and reduced meals are available for students whose families qualify. In order to determine who qualifies for a free or reduced lunch, parents or guardians must complete and return the application for free and reduced meals. The application may be picked up at the school office. We cannot allow a child to begin receiving a free or reduced meal until the form has been completed and approved by the Superintendent. If you have any questions or wish to receive an application, please contact Lois Roe, School Secretary, 567-2270 or Mr. Krenzke, Superintendent, 567-2270 ext. 102.

POP/JUICE MACHINES

All students are not allowed to bring pop/juice into a classroom or restricted area without staff approval. K-8 students are not allowed to purchase pop or juice from the vending machines until after school hours.

OPEN CAMPUS

Open Campus privileges means that a high school student may leave campus during the lunch break. If, however, a student drives dangerously, does not obey basic traffic rules, and/or spins gravel on school grounds, they will immediately lose driving privileges during the lunch break for 20 school days.

Students leaving during the lunch break are being allowed a privilege and high school students' grades 9-12 will need to meet requirements set forth for open campus. Violations of policy rules could result in disciplinary consequences and loss of the privilege for 20 school days.

It is our belief that high school students should be responsible for both their behavior and driving during the course of the day; including parking lot and lunch break. Students are to remain on campus during scheduled classes unless they have written

permission from their parent/guardian or administration. With such permission students must sign out at the office when they leave and sign in upon returning to school.

CELL PHONE POLICY

Students are prohibited from using cell phones or pagers during class time. Students may carry these devices while on school trips/activities at the discretion of the supervisor or coach.

1st Violation: Cell phone will be confiscated and parent/guardian will be notified that student may pick up device at the end of the day.

2nd Violation: Student will not be allowed to have device on school grounds

3rd Violation: possible suspension of student

Cell phones or other electronic devices capable of taking pictures or transmitting images are strictly prohibited from all locker room areas and bathrooms.

PARENT/GUARDIAN VISITATIONS

PASS SLIPS

When it is necessary for a student to be someplace other than the class for which they are scheduled, the teacher who desires the student's presence will issue a requesting pass. Before the next class starts, the pass must be present to the teacher to whom they are reporting.

Combination locks are permitted on the hallway lockers with the permission of the superintendent. Combination must be recorded in the main office.

Lockers are school property and thus may be inspected at any time.

PURCHASES

Students are not authorized to purchase or charge supplies or materials in the name of the school.

STUDENT MEDICATIONS

No medication will be dispensed by the teaching staff to students. All medications must be provided through the main office in compliance with Fergus County Health Nurse regulations.

Student Council meetings will not be held during regular class periods. However, with prior notice members may be dismissed 10 minutes early to eat lunch.

CONCESSIONS

Basketball & volleyball concessions will be directly managed by a paid employee hired by the District. Grades 7-12 will be provided an opportunity to work concessions in order to make money for their class. Other school organizations may be offered an opportunity to do concessions to raise money.

STUDENT RECORDS

Student school records are confidential and are protected from unauthorized inspection or use. A cumulative record is maintained for each student from the time the student enters the District until the time the student withdraws or graduates. A copy of this record moves with the student from school to school. By law, both parents, whether married, separated, or divorced, have access to the records of a student who is under 18 or a dependent for tax purposes. A parent whose rights have been legally terminated will be denied access to the records, if the school is given a copy of the court order terminating these rights. The school guidance counselor will be the custodian of the student records and will maintain a log of individuals who access student files. Records may be reviewed during regular school hours, upon completion of the written request form. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records. If circumstances prevent a parent or eligible student from inspecting the records, the District will either provide a copy of the requested records or make other arrangements for the parent or student to review the requested records. Parents of a minor or of a student who is a dependent for tax purposes, the student (if 18 or older), and school officials with legitimate educational interests are the only persons who have general access to a student's records. "School officials with legitimate educational interests" include any employees, agents, or Trustees of the District contracts for the placement of students with disabilities, as well as their attorneys and consultants, who are:

1. Working with the student
2. Considering disciplinary or academic actions, the student's case, an individual education plan (IEP) for a student with disabilities under IDEA, or an individually designed program for a student with disabilities under Section 504
3. Compiling statistical data
4. Investigating or evaluating programs

The parent's or student's right of access to and copies of, student records does not extend to all records. Materials that are not considered educational records, such as teachers' personal notes on a student that are shared only with a substitute teacher, records pertaining to former students of the District, and records maintained by school law enforcement officials for purpose other than school discipline do not have to be made available to the parents or student. Certain officials from various governmental agencies may have limited access to the records. The District forwards a student's records on request and without prior parental consent to a school in which a student seeks or intends to enroll. Records are also released in accordance with court order or lawfully issued subpoena. Unless the subpoena is issued for law enforcement purposes and the subpoena orders that its contents, existence, or the information sought not be disclosed, the District will make a reasonable effort to notify the parent or eligible student in advance of compliance.

Parental consent is required to release the records to anyone else. When the student reaches 18 years of age, only the student has the right to consent to release of records. Students over 18 and parents of minor students may inspect the student's records and request a correction if the records are inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. If the District refuses the request to amend the records, the requestor has the right to ask for a hearing. If the records are not amended as a result of the hearing, the requestor has 30 school days to exercise the right to place a statement commenting on the information in the student's record. Improperly recorded grades may be challenged and parents and students have the right to file a complaint with the U.S. Department of Education if they believe the District is not in compliance with the law regarding student records. Copies of student records are available. Parents may be denied copies of a student's records for the following:

1. After the student reaches age 18 and is no longer a dependent for tax purposes.
2. When the student is attending an institution of post-secondary education.
3. If the parent fails to follow proper procedures.
4. When the District is given a copy of a court order terminating the parental rights. If the student qualifies for free or reduced-price meals and the parents are unable to view the records during regular school hours, upon written request of the parent, one copy of the record will be provided at no charge.

Certain information about District students is considered directory information and will be released to anyone who follows procedures for requesting it, unless the parent objects to the release of any or all directory information about the child. The opportunity to exercise such an objection was provided on the form signed by the parent to acknowledge receipt of this handbook. Should circumstances change the parent can contact the principal to indicate his or her desire to change the original request. Directory information includes: a student's name, address, telephone number, date and place of birth, participation in officially recognized activities and sports, weight

and height of members of athletic teams, photographs, and dates of attendance, awards received in school, and most recent previous school attended.

SPECIAL EDUCATION RECORDS

Parents of a student with disabilities who has been provided special education services by the District will be notified when any information that specifically identifies the student is no longer needed. If the parent requests destruction of the information and the time established by law for retention has expired, the records will be destroyed. However, if the retention period established by law has not expired, the material will be deleted from the records but the records will be maintained until the time has expired.

WITHDRAWALS AND TRANSFERS

A student who is withdrawing from school must first obtain a withdrawal form from the guidance counselor. Teachers must sign this form to indicate that the student has checked out of their class, or classroom and all textbooks and other materials have been returned. The library and office will also indicate if all books and other related materials have been returned.

PERMANENT RECORDS AND CLASS RANK

Grades earned each semester are entered on the student’s permanent record form which becomes a part of the school’s permanent records. Members of the graduating class are ranked according to their four year (9-12) grade point average. The graduating senior with the highest seven semester grade point average will be valedictorian; the senior next in rank will be the salutatorian.

Valedictorian and salutatorian must have been in attendance in the Denton High School for a minimum of five semesters. Valedictorian and salutatorian candidates must complete one full year of an Advanced Placement (AP) class.

In the event of a tie for valedictorian and/or salutatorian there will be no tie breaker. There may be more than one in each category.

GRADING SYSTEM

Elementary teachers (K-6) may choose to use several different means of reporting student progress. The nature of the reporting instrument will usually determine the reporting system. Grades 7-12 will be calculated and recorded in staff grade books, School Master, and student report cards for all classes.

Grading scale:

96-100	A	77-79	C
92-95	A-	74-76	C-
89-91	B+	71-73	D+
86-88	B	68-70	D
83-85	B-	65-67	D-
80-82	C+	0 - 64	F

Standards and behavior considered when grading:

Daily work/homework	Class participation

A student conditionally placed in the 9th grade will not be allowed to participate in the 8th Grade Graduation program, nor will the student receive a diploma by reason of failing to meet 8th grade graduation requirements.

Special education students will be required to meet the same standards for graduation subject to the student's IEP.

Please refer to Board Policy #2168.

GPA

Denton High School has adopted the following system (used by most colleges and universities):

A/A-	=	4 points
B+/B/B-	=	3 points
C+/C/C-	=	2 points
D+/D/D-	=	1 point
F	=	0 point

All Advanced Placement (AP) classes will be considered 5.0 point classes for the purpose of computing GPA.

In figuring GPA's, add the grade point equivalents for each grade earned and divide this number by the number of classes taken.

WORK STUDY

Seniors are eligible for work study. They will receive a Pass/Fail for the semester or year they are in the program. If non-senior students want to do work study she/he must have applied to the Superintendent for approval

DROPPING CLASSES

7 - 12 grade students may drop a class or change a class within the first week of the Semester with Superintendent and Counselor approval.

SPECIAL SERVICES

The School District offers special services, such as special education, guidance and counseling, Title I Language Arts and Mathematics and speech therapy in an attempt to better meet the individual needs of all students. Teachers are encouraged to become familiar with these services and utilize them, in order to maximize the educational opportunities of all students.

Parent Involvement: To facilitate effective home-school cooperation, the following procedures will be followed:

1. Parents will receive a written notice when a teacher(s) propose to assess a student's perceived handicapping condition or to significantly change a student's program.
2. Parent's consent will be obtained prior to the initial assessment of a student. Parents will receive a written report of the assessment findings if such assessment is approved by the parents.
3. Consent is required before initial placement. Parents shall be encouraged to participate in the development of the student's IEP if appropriate.

ATTENDANCE

Please be sure to notify the school secretary (567-2270) extension 100, if your child is going to be absent from school. We do this to insure your child's safety to make sure your child is not somewhere between home and school. A parent or guardian note describing the nature of the absence must be turned in to the office the day the student returns to school.

Students are expected to attend all classes on a regular basis. Elementary attendance will be reported in the morning and the afternoon. Junior high attendance will be taken each period. The school secretary will inform the superintendent of any truancy, and she will assign unexcused absences.

Check out procedures for K-6: Parents/guardian will notify the school secretary before removing a student from school. The parent/guardian is responsible to notify who will be picking the student up if it is not the parent/guardian. The student will be

released from the classroom to the person specified by the parent/guardian, upon that person's arrival at the school office. A student will not be released to a student under grade seven. Students are to check out in the office when leaving school for any reason. Detention and/or suspension will be assigned for failure to follow this rule.

Students are not to miss a class to take part in another class activity without the permission of the teacher whose class they are missing.

Students are expected to attend all classes on a regular basis. Attendance will be taken each period. The school secretary will inform the superintendent of any truancy, and she will assign unexcused absences.

Absence Definitions:

Excused Absence: An absence that is excused by the parents/guardian and the school. This includes medical, dental, appointments, funerals, illness, hunting trips involving immediate family members, and trips for entertainment involving immediate family members. Continuous illness patterns may require medical verification. School sponsored activity participation is also considered to be an excused absence. Field trips, class outings, and other similar school-related activities or functions shall be considered an Excused Absence. Tournament attendance may be excused with the approval of the parent/guardian and the classroom teacher(s). If the student does not attend the tournament, the absence will be considered an Unexcused Absence.

Students will be allowed 10 absences / semester. If a student has seven or more absences in a semester, administration will be notifying parents/guardians of their child's absences and how it affects their education.

Please note that an Excused Absence does **NOT** count toward the ten day absence rule.

If a student has three or less absences in a semester and has an A average for that semester, the student will be exempt from taking any semester final and earn an A grade in that class.

Truancy: An absence that is not excused by the parent or guardian or school. An example would be skipping class.

Unexcused Absence: An absence that may or may not be excused by the parents/guardian and the school. Examples of unexcused absence include skipping class, shopping trips, and hair appointments. The above are merely examples and do not constitute the entire list of what would be an unexcused absence. Missing a class to attend another class' activity without permission from the teacher whose class they are missing. The school secretary will assign unexcused school absences. Parent/guardian/student may appeal that decision to the superintendent who will make the final decision.

Please note that an Unexcused Absence **DOES** count toward the ten day absence rule.

UNEXCUSED TARDIES

Teachers will keep records of unexcused tardies. A student will be allowed two unexcused tardies per semester, per class. Subsequent unexcused tardies will result in the following:

A student with more than two (2) unexcused tardies per semester, per class will serve a half hour (1/2) detention with the teacher for each unexcused tardy.

TEN DAY RULE – UNEXCUSED ABSENCE

When a student has accumulated five (5) unexcused absences in a class during the semester, the student and parent/guardian will be notified in writing by the secretary. The student, parent/guardian will be required to meet with the superintendent to discuss the consequences of missing class.

When a student has accumulated eleven unexcused absences in a class during the semester, the student and parent/guardian will be notified in writing by the secretary. The student, parent/guardian will be required to meet with the "Attendance Review Committee"

which consists of the superintendent and two faculty members. The purpose of the meeting will be to complete an attendance contract for the student for the remainder of the school year. If the student breaks the contract, the student will be provided a due process hearing in front of the Board of Trustees at which time the superintendent may make a recommendation to withhold credit for that semester.

ATTENDANCE REVIEW COMMITTEE

The Attendance Review Committee consists of two teachers (appointed by the superintendent) and the superintendent.

The Committee has the authority to:

1. Draft attendance contract
2. Approve an appeal if circumstances warrant.

The Committee will use the following information in their decision:

1. Absences were pre-arranged
2. Absences were medical
3. Absences were family emergency
4. Absences were for bereavement

Decisions made by the Attendance Review Committee may be appealed by the parent through the regular due process procedure.

EXCUSED ABSENCE MAKE UP WORK

All school work assigned must be made up within the same time duration as the absence. Tests announced to the student before the absence may be administered when the student returns to class.

CO-CURRICULAR ACTIVITIES

All school sponsored activities must be cleared through coaches/advisors and the office well in advance of the scheduled time of the activity.

Students are required to remain in the general area in which a co-curricular activity is being conducted.

Students who participate in illegal activities after school hours will be held accountable for their activities by the Board of Trustees if those actions result in a guilty verdict for a misdemeanor or felony. Students who find themselves in this situation will be denied participation in extra-curricular activities for the remainder of the semester or the following semester should the court judgment be rendered in the summer. The decision to suspend a student from a co-curricular activity for participation in an illegal activity rests solely with the Board of Trustees.

A student may earn their ability to participate in practice on a daily basis by spending 30 minutes at a time to be scheduled by the teacher in whose class they are ineligible. At the end of the 30 minute period, the teacher shall determine if the student has performed satisfactorily during that time. If so, the teacher shall provide the student with a written pass, which the student may present to the A.D. The written pass will enable the student to participate in practice.

Students who are on the ineligible list may not participate in any competitions during the next available period of ineligibility.

CO-CURRICULAR ACTIVITIES PARTICIPATION

Any student participating in activities will be subject to the following:

1. Students will not steal property from individuals, schools or businesses.
2. Students will not use, possess, sell, or distribute alcohol, tobacco products, or illegal drugs; or abuse prescription or non-prescription drugs. This does not include prescribed drugs under a doctor's supervision when used in the prescribed manner. Possession is defined as the use of prohibited substance, having a prohibited substance in personal possession, or knowingly being present at a function or gathering at which a prohibited substance is illegally used.
3. Rumors about student infractions are not grounds for disciplinary action.
4. Disciplinary action will be considered upon report of a violation to the coach, sponsor, activities director or superintendent.
5. No student should be reported unless he or she can be positively identified and a report of circumstances given in the presence of the accused student(s).

It is the responsibility of the coach or sponsor to report all infractions to the activities director and to the superintendent.

The athletic director or superintendent will arrange a meeting with the accused student(s) and their parent(s)/guardian to determine facts and circumstances concerning the alleged violation. The accused student(s) may have representation at this meeting. The person(s) who are making the accusation will also be present at this meeting. The person(s) making the accusation will present their recollection of the violation circumstances. The accused student(s) and/or representative will be provided an opportunity to present their rebuttal. The athletic director and superintendent will make a decision after hearing from all parties.

Any infraction of the rules will result in a fourteen (14) school day suspension from participation. The student will complete an appropriate activity for education or remediation concerning the rule violation. This activity must be approved by the superintendent and counselor.

Appropriate activities for education/remediation may include, but not limited to the following:

1. Counseling by the Fergus County Juvenile Counselor
2. Counseling deemed appropriate by the school counselor and upon approval of the superintendent
3. Writing a paper on the consequences of substance abuse/misuse
4. Reviewing video/cd program(s) and providing a written report to the school counselor
5. An oral presentation to the student body on what the student learned
6. A presentation to the Denton Board of Trustees
7. Other deemed appropriate by the Superintendent and school counselor

The student must continue to practice and earn his/her way back on the team or organization by completing a program set forth by the coach/sponsor that goes beyond the normal requirements of what is expected. The student must understand fourteen school day calendar suspension is a trial period and that any time during the suspension the coach/sponsor can dismiss the student for lack of compliance with the program as outlined by the coach/sponsor. The student is also placed on probation for the remainder of the season and any other affirmed rule violations will be grounds for immediate dismissal. All suspensions from extra-curricular activities lasting longer than fourteen school days must be approved by the Board of Trustees. Any student dismissed from an activity as the result of a rule violation shall not be eligible to participate in school activities for the remainder of the school year.

A parent/guardian may appeal the decision to the AD and superintendent within five (5) calendar days of receipt of the decision to the Denton Board of Trustees. The Board Chair will determine if the appeal requires a special meeting of the Board of Trustees.

CO-CURRICULAR TRIPS

Written permission is required from parents for any student wishing to make a trip. Sponsors and chaperones will be in charge of students on all trips. Buses will be provided for all student activity trips.

Students participating in co-curricular activities requiring transportation from Denton Schools to another location for activity participation must be transported by school approved vehicles. The usage of vehicles to transport students must be approved by the superintendent or his/her designee. All activity trips will leave at the scheduled time. Students missing the activity bus are required to be driven to the activity location by their parents/guardian in order to participate in the activity. The parent or guardian must report to the coach/sponsor before the student will be allowed to participate. Students who are participating in co-curricular activities and wish to either attend or return with their parents/guardian must have their parent or guardian contact the coach/sponsor. Written permission will be required. The superintendent may waive written permission requirements under certain circumstances.

In the event of inclement weather at an extra-curricular event in Denton, housing will be available to those who cannot drive home. The athletic director, coach, and/or the administration will give directions to the safe-houses for participants, family, and friends that need to stay overnight due to bad weather.

OUT OF TOWN TRIPS

Students are expected to follow all instructions of the chaperone(s). Students may not leave the motel, restaurant, visiting school, or any other place the chaperone may take them without first checking with chaperone and receiving permission.

Students who choose to separate from the chaperone without permission shall be dealt with severely:

1st Offense:

1. Suspension 1 – 3 days from school
2. Suspension from participation in all activities of not less than three (3) weeks

2nd Offense:

1. Suspension from all school activities for the remainder of the year
2. In no case shall the exclusion from co-curricular activities have an effect on a student's grade of record.

Students violating the above participation policy at school, during school activities, or on school sponsored trips will also be subject to additional penalties called for under the Conduct and Discipline section of this Handbook.

GRADES 4/5/6 ELIGIBILITY

Eligibility for students to participate in co-curricular activities will be checked weekly. Teachers will evaluate student conduct and grades every Tuesday and contact parents/guardian, student and coaches as necessary. Losing eligibility means a student will lose one calendar week of participation in all sports competitions. The following will result in ineligibility:

- a. Any student who has two conducts in one week.
- b. Any student who has one conduct and one class grade below a c (73% or lower).
- c. Any student who has fallen below a C (73% or lower) in two or more classes.
- d. Any student who has fallen below a C (73% or lower) in one class for two consecutive weeks.

A student may earn their ability to participate in practice on a daily basis by spending 30 minutes at a time to be scheduled by the teacher in whose class they are ineligible. At the end of the 30 minute period, the teacher shall determine if the student has performed

satisfactorily during that time. If so, the teacher shall provide the student with a written pass, which the student may present to the coach. The written pass will enable the student to participate in practice for that day.

Students who are on the ineligible list may not participate in any competitions during the period of ineligibility.

ELIGIBILITY

The names of students with cumulative averages below 74% (C-) will be placed on an "Ineligible Danger" list each week.

Students with a grade below 65% (D-) in any class will be placed on a probation list for one week. If this grade is not raised in one week's time, or if the student falls below 65% in another class, the student will become ineligible. When all grades are 65% or above, the student will be removed from the ineligible list. In addition, any student who has more than two detentions in a week will be placed on the ineligible list.

Teachers are required to turn in weekly grades by 8:00 am on the second day of each school week. The academic week will run from Tuesday 8:00 am to Monday 3:22 pm. The athletic director is responsible for compiling an eligibility report. All parents/guardian will be notified by mail if their child's name appears on the "in danger", "probation", or "ineligible" list.

Students who become ineligible will remain ineligible until the deficiency is removed in the following week's grading period. End quarter grades will be used to determine eligibility for the first week of the following quarter. Eligibility will not be reported to the athletic director on the second Tuesday of each quarter, allowing teachers to receive and evaluate a sufficient amount of student work before making an eligibility decision. Students who are ineligible to participate will be required to attend practice. Students will not be allowed to travel with their respective school organization or compete during the time of ineligibility. However, students may sit with their team during home games but are not allowed to dress out or participate.

Students who are officially placed in Title I or IDEA program may have their co-curricular activities eligibility requirements modified. These students must maintain continuous effort and participate in classroom activities. Not completing assignments on time and refusing to work in class will cause the student to be ineligible.

All questions of eligibility not specifically addressed in this section will be referred to the athletic director and superintendent. Final decision will be done after meeting with student, parent/guardian, and a representative (if requested), and the staff member(s) directly involved with the ineligibility. The parents/guardian may appeal a decision to the Denton Board of Trustees.

Students must be in school for a full day prior to an activity or the last day of the week prior to the activity held the following day in order to participate in any co-curricular activity including practices. This may be waived by the athletic director/administration if the student has a medical appointment or a doctor's excuse.

PROTECTION OF STUDENT RIGHTS

No student will be required to participate without parental consent in any survey, analysis, or evaluation, funded in whole or in part by the U.S. Department of Education that concerns:

1. Political affiliations.
2. Mental and psychological problems potentially embarrassing to the student or family.
3. Sexual behavior and attitudes.
4. Illegal, antisocial, self-incriminating, and demeaning behavior.
5. Criticism of other individuals with whom the student or the student's family has a close family relationship.
6. Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
7. Income, except when the information will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

Parents will be able to inspect any teaching materials used in connection with such a survey, analysis, or evaluation.

GRIEVANCE PROCEDURE

The Denton Public Schools want you to know about a process called the Student Grievance Procedure and highlight how it can be used. The process is used when you feel the school has taken an action against you that is questionable or in violation of your civil rights. The process also covers things such as school discipline, and acts by school staff which discriminate against you due to your race or sex. If you wish to use the grievance procedure, see the Superintendent. The Superintendent will help you use the process. Listed on the following pages are definitions and steps that will help you.

Definitions of Terms:

1. Grievance alleged violation of school board policy, administration rules and regulations, or school administrative policies as well as past practices and informal procedures.
2. Grievant-one who files a grievance against another person.
3. Respondent-one with whom the grievant can discuss the issue before filing a grievance.

General Steps:

1. Discuss the issues with the administration or a contact person the administration identifies. It may be easily resolved at this step.
2. If you wish to file a grievance in writing, the school will have a form for you to use. State the exact problem and what you want to happen.
3. Follow the guidelines for the number of days. Sex equity grievances must be concluded in sixty (60) calendar days. All others follow the school day timelines in the handbook.
4. You may request the hearing be held by the Superintendent, or a student grievance committee, composed of a student council officer, appointed by the president, and two staff members, appointed by the Superintendent. If privacy is important to you choosing the Superintendent as hearing officer is recommended.
5. The issue may be appealed beyond the school level. If you have questions on this or any other part of the process, contact the Superintendent.
6. An appeal involving the Superintendent will go directly to the board.

Steps or procedure to be followed by all parties involved in a grievance procedure regarding credit, scheduling, or staff student relationships, including classroom discipline and attendance:

1. All grievances must be instituted within five (5) school days of the alleged act.
2. The involved staff member and student must confer in an attempt to solve the problem.
3. If the above conference does not solve the problem, the person with the grievance will request a conference with the administrator responsible for the area involved in the complaint.
4. If item number 3 does not resolve the problem, the administrator shall schedule a conference with the staff member, the student, and the student's parents/guardians. The administrator will facilitate the conference and the group will attempt to arrive at a satisfactory solution.
5. If a solution is still not acceptable to the grievant, the complaint must be put in writing and submitted to the Grievance Committee within three (3) days.
6. After receipt of the written complaint, the Grievance Committee will schedule a meeting between the grievant and the respondent in order to ascertain all of the facts and arrive at a conclusion and a recommended solution.
7. The decision of the Grievance Committee will be rendered in writing to both parties and the administrator within four (4) days after hearing the complaint.

8. Either party may appeal the Grievance Committee decision to the Superintendent, who will review the committee's decision and make arrangements necessary to carry out step four (4) under "Due Process," hearing of the grievance at the board level.

LEARNING MATERIALS REVIEW

Citizens objecting to specific materials used in the District are encouraged to submit a complaint in writing and discuss the complaint with the Superintendent prior to pursuing a formal complaint.

A formal request to remove an item from the school or limit its use must be in writing and will be acted upon by the Superintendent. A spokesperson for each side of the issue will be heard by the Superintendent if requested.

A written decision will be delivered to the complainant within forty (40) school days. Any appeal of this decision must be delivered in writing to the Board within 14 calendar days. The Board will make the final decision on appeals.

Learning materials, for the purpose of this policy, shall be considered to be any material used in classroom instruction, library materials, or any materials to which a teacher might refer a student as part of the course of instruction.

LIMITED OPEN FORUM-STUDENT MEETINGS POLICY

The Board will not sanction any student group that meets for religious, political, or philosophical purposes, but will allow such groups to use school facilities for meetings in the open forum as determined by the Superintendent. The Superintendent may approve student groups use of facilities to conduct a meeting during the open forum provided that:

1. The meeting will take place during the open forum. The open forum is defined as the lunch hour or non-instructional time as determined by the Superintendent.
2. The meeting is voluntary and student initiated. The Superintendent must be assured that students are the ones promoting such activities and that they are participating of their own volition. Only students enrolled in the school may request the meetings.
3. School authorities or district employees do not promote, lead, or participate in such meetings. Superintendent may assign personnel to supervise these meetings. This action does not constitute sponsorship by the District of such meetings.
4. The presence of school authorities or district employees or district personnel at any student religious meeting is non-participatory in nature. The presence of school authorities is for the purpose of observation only.
5. The meeting does not in any way interfere with the conduct of regular instructional activities of the schools. The education of the students is the prime responsibility of the school, any other activities are secondary. The school may deny facilities to students on the basis that such activities or meetings interfere with the instructional program.
6. Student meetings are not controlled, conducted or directed by person or groups not affiliated with the schools. Such persons may attend student meetings but not on a regular basis. Visitors to the meetings must be approved by the Superintendent and clearance obtained prior to the meeting.
7. The meeting is open to all students without regard to race, gender, religion, or national origin.

The picture of those approved groups will not be allowed to appear in the school yearbook (annual). These groups shall not be allowed to decorate windows in the hall nor floats for school parades nor any other public display that may be constructed to represent the school. Membership and participation in these groups will not count as participation points for scholastic letter.

STUDENT TO STUDENT HARASSMENT AND/OR SEXUAL HARASSMENT

Harassment is any conduct, verbal, written, or physical, on or off campus, which has the intent or individual's or group's educational or work performance at Denton School, or which creates an intimidating, hostile, or offensive education, working, or living environment. This includes initiation and hazing. Harassment on the basis of race, color, gender, disability, religion, national origin, sexual orientation, or age, includes harassment of an individual in terms of a stereotyped group characteristic, or because of that person's

identification with a particular group.

Sexual harassment may take many forms. Sexual assault and request for sexual favors which affect educational or employment decisions constitute sexual harassment.

However, sexual harassment may also consist of unwanted physical contact and request for favors, visual displays of degrading sexual images, sexually suggestive conduct, or offensive remarks of a sexual nature. Non-sexual conduct, such as intimidation, hostility, rudeness, or name-calling can be abusive and therefore harassment.

1st Offense

1-3 days suspension (Parent Notification).

2nd Offense

3-5 day suspension (Parent Notification).

Parent conference required before student can return to school.

3rd Offense

6-9 days' suspension and/or recommendation to board for expulsion (Parent Notification).

Parent conference required before student can return to school.

Subsequent Offense

Immediate suspension from school until a due process hearing is provided by the trustees, at which time a recommendation for expulsion from school will be made by the administration to the board.

Reporting

Students or employees who believe they may have been harassed or intimidated should contact a counselor, the Title IX Coordinator, or the first level supervisor who is not involved in the alleged harassment. Persons who feel they are being harassed or intimidated should take the following steps:

- Inform the individual that his/her behavior is unwelcome, offensive, or inappropriate.
- DO NOT assume or hope the problem will go away.
- Notify a counselor, the Title IX Coordinator, or an administrator right away. Early reporting assists any investigation.
- Request a copy of the District's sexual harassment policy so that reporting processes are clear,
- Keep notes. Keep a record of dates, times, places witnesses, and description of each incident. Save all notes or records in a safe place.

Complainants are permitted and encouraged to have a friend or advisor present with them for moral support during any stage of the investigation of the report.

All employees and students have a responsibility to maintain a positive work and learning environment by reporting all incidents or rumors of harassment or intimidation involving themselves or others.

Students and staff are encouraged to use the reporting procedure set forth in this policy.

Once a report has been filled with an administrator or Title IX Coordinator, a confidential and expeditious investigation shall begin following the procedures as outlined in the investigation procedure, listed below with strict observance of the specific protections provided above.

Confidentiality

A report of sexual harassment or intimidation, and the investigation are to be kept in the strictest confidentiality for the protection of all parties involved.

The right to privacy will be protected. The District has a compelling interest to provide educational programs in an environment free

from sexual discrimination. Sex discrimination includes sexual harassment. Therefore the District's obligation to investigate and take corrective action may supersede an individual's right to privacy.

Investigation and Action Procedure

- After receiving a report of grievance, the Title IX Coordinator shall conduct an investigation and make written recommendation within thirty (30) days to the Superintendent.
- In determining whether alleged conduct constitutes sexual harassment, the coordinator will consider all facts of the allegation, case law, state, and federal laws and regulations, and the District's policy prohibiting sexual harassment and intimidation.
- On receipt of a recommendation from the coordinator that reasonable cause exists to credit the allegations of sexual harassment or intimidation, the Superintendent may take action based on the report/recommendation, or the Superintendent may conduct his or her own investigation into the charges.
- The Superintendent may appoint an outside investigator to conduct the investigation. Such investigation must be completed within thirty (30) days of receipt by the Superintendent of the recommendation from the coordinator.
- Pending an investigation, the Superintendent may take any action necessary to protect the alleged victim, other employees, or students consistent with requirements of applicable regulations and statutes, if any.
- The Superintendent may take such action deemed necessary and appropriate after the completion of the investigation.
- If the Superintendent's action is appealed, the final disposition of the case will be by action of the Board of Trustees.

Sanctions

A substantiated charge against an employee of the District shall subject the employee to disciplinary action in accordance with any appropriate employee contract, up to and including discharge. A substantiated charge against a student shall subject that student to student disciplinary action including suspension, or expulsion, consistent with the District's student discipline policy.

Notification

Notice of the existence of this policy and procedures shall be included in student and staff handbooks annually.

THREATS

Students are prohibited from making threatening comments which imply use of weapons or other items which may be harmful. If a student engages in this kind of activity they can expect to be suspended from school for a period of time. A parent conference will be required before re-admittance to school. Law enforcement shall be called and the students may be required to attend the next regular school board meeting to explain their actions. The students will also be required to have a psychological evaluation.

POLICY FOR BULLYING AND INTIMIDATION

The Board will strive to provide a positive and productive learning environment. Bullying and intimidation by students, staff, or third parties is strictly prohibited and shall not be tolerated.

CONDUCT AND DISCIPLINE

All students will begin the school year with a clean discipline record.

One of the most important lessons education should teach is discipline. While discipline does not appear as a subject, it underlines the whole educational structure. It is the training that develops self-control, character, orderliness and efficiency. It is a key to good conduct and proper consideration for other people.

Students are responsible for most of their behaviors. Misbehavior without consequences is not misbehavior. Lack of discipline prevents formal education from taking place to its fullest extent and all students have a right to an education. Parents have a right to expect their children to be engaged in the educational process while attending school. Since teachers provide instruction, those professionals should not be distracted from doing what is appropriate.

Disciplinary action will not be necessary if everyone adheres to the Trojan Code of Conduct and practices the four P's.

Together these are the minimum expectations for students and staff. We are here to learn; therefore, I will do nothing to keep the teacher from teaching and everyone, including myself, from learning. I will cooperate with all school staff. I will respect myself, others and the school environment.

Acceptable Use Policy

It is the policy of the Board of Trustees that information accessed and disseminated electronically in the Denton School district appropriately reflect the educational goals and objectives of the district and educational missions of the school.

Guidelines for Network Access and Technology Use

Student access to the Denton School District #84 network, internet connection, and technology equipment is limited only to those students who have a signed Denton School Acceptable Use Policy for the current school year on file with the district.

All students with a current form on file will be granted **managed** access to the district's network, internet connection, and technology equipment. Each user should understand that managed access means that user accounts are, for reasons of safety and accountability, subject to regular monitoring and inspection. Users should expect that all district technology equipment has management software installed where applicable. Any attempt to bypass or remove management files is strictly prohibited and will result in severe disciplinary action.

Authorized use of the system shall be only for legitimate educational pursuits that are consistent with the goals and objectives of the district. Additionally, any use of the system must conform to the state and federal laws governing network provider policy and licenses.

Any member of the faculty, staff, or student body engaged in unauthorized activity or violation of this policy will be subject to appropriate disciplinary action to be determined by the faculty, administration, or school board as necessary. Based upon the

seriousness of the infraction, disciplinary actions are not limited to, but may result in the termination of employment for faculty or staff members or the suspension or removal of a user's access to the Denton School network or technology equipment for students. In addition, our district will cooperate fully with law enforcement investigations concerning or relating to any suspect or alleged inappropriate activities on the network or any other electronic media.

Examples of misuse include, but are not limited to:

1. The use of the system for charitable purposes that have not been approved by the district.
 2. The use of the system for non-district commercial purposes or solicitations.
 3. The unauthorized downloading, installation, use, storage, or distribution of copyrighted software, school purchased electronic device applications, and/or materials on district computers.
 4. Malicious use of the system to develop programs or documents that harass or harm others, to gain access to any computer or computer system to damage the components of the computer or the system be it District owned or otherwise.
 5. Any distribution of private or public materials that are inconsistent with the District harassment-free environment policies, or hate mail, discriminatory remarks, or other unwelcome statements and/or compliment or other anti-social items.
 6. Use of system access to display, store, or distribute inappropriate or suggestive materials/media. Inappropriate media/materials include, but are not limited to weapons, pornographic materials, inappropriate language, alcohol, drug, or gang related symbols or pictures, inappropriate gestures, as well as anything that might be used to intimidate, embarrass, or bully another individual.
- In addition, passwords/pass codes may not be used to prevent access or inspection of a district provided iPad or computer.
7. The use of the system to promote or participate in any activity that is in violation of any state or federal regulation, or that purports to discredit any person, agency, or organization of local, state, or federal government.
 8. The revelation of personal information, their own or other, such as home addresses and telephone numbers in areas not consistent with educational purposes. Unauthorized use of chat rooms is prohibited.
 9. Meeting people in person that they have contacted on the system without parent/guardian permission.

10. Failure to notify a teacher or administrator whenever they come across information or messages that are dangerous, inappropriate, or make them feel uncomfortable.

11. Accessing violent, socially damaging, or illegal information.

12. Overusing network hard drive space.

13. District user accounts and Apple IDs are intended for the purpose of allowing a single user to gain authorized access to the school's network, user file storage, authorized applications, and technology equipment. Any sharing of passwords or access to a user's account by anyone other than the authorized user is strictly prohibited.

14. All user activity will be managed and monitored by the district to ensure responsible and ethical use of the district's network, internet access, and technology equipment.

15. Users may not attempt to hide inappropriate activity by changing passwords, encrypting communications, or refusing to submit to regular accountability checks.

16. Access to social networking websites, chat rooms, and non-district issued personal email accounts during school hours.

***NOTE: These guidelines are intended to promote and ensure the appropriate, supervised use of the district's network, internet connection, and technology equipment.*

The following measures have been taken to restrict access by minors to restricted materials deemed harmful to minors:

The installation and use of filtering and monitoring software

A board approval of this internet safety and acceptable use policy

Consequences

As stated above, any user who does not comply with the Denton School Acceptable Use Policy will be subject to appropriate disciplinary action as deemed necessary by the faculty/administration.

The responsible use of technology and internet resources is a privilege and is encouraged by the Denton School District to help prepare students to excel in an increasingly technological world. However, continued misuse and violation of these policies will result in the suspension or termination of technology privileges.

In addition to other disciplinary action, students may be held financially responsible for damaged or lost technology equipment or accessories under the student's temporary care.

The district reserves the right to modify this Acceptable Use Policy as necessary.

Hearing Screening

Hearing screening is conducted at your child’s school and is mandated for students in Grades K, 1, and 9 or 10. Students in other grades will also be screened if they are new to the school, on the annual hearing recheck list, or referred by the school or parent/guardian. The initial hearing screening consists of pure tones. It may also include immittance screening, which measures the movement of the eardrum by putting positive and negative pressure into the ear canal. Your child will be referred for a hearing rescreen if he or she is absent, unable to complete the initial screening, or does not pass the initial screening. Hearing Conservation Program staff will conduct the hearing rescreen. In addition to the pure tone and immittance screening, they may also conduct otoacoustic emission screening. This is a measure of cochlear (inner ear) function that does not require the child to respond.

Consent for Hearing Screening

Parent/Guardian initials give consent for your child to have hearing screening, conducted during the 2015-16 school year. This consists of an initial screening and may include a rescreen. Please contact the school if an ear-related medical issue arises, and that information will be passed on to the audiologist. Initials indicate permission is granted.
